I'm game. Not sure if my Commander will want to meet to prepare, so need to be flexible here.

Hey Chris,
Helen and I have been discussing dinner on Monday night, and was wondering if you'd like to grab a bite with us. I'm hoping no management, though if they get wind of it they may want to have a big thing together.

Hi, Chris.

Rich and I will not be able to do a site visit on April 4 after all. This is my fault – I didn't get our draft Health and Safety plan to the approving official in time. There is a big backlog of plans awaiting approval.

We hope to re-schedule the site visit, to include our manager Julie Wroble, at a later date. It may be most efficient to do the site visit in conjunction with an in-person project planning meeting.

I apologize for the late change in plans, and I hope this does not cause a lot of work for you or your team to change your own travel plans.

Regards,
